Respected Madam,

I want to thank you so much for inviting our school Science Stream students of Class XI to give them such a wonderful laboratory visit in your Bioscience Block (Botany, Zoology, Physiology) and providing them a great interactive classes by your B.Sc. (Hons) and M.Sc. students along with guidance of your respected faculty members.

It was such a pleasure on behalf of my students to learn in college environment and our students are lucky ones that got the chance to attend this interactive class that was held on 16.04.2019.

I thoroughly enjoyed learning more about students involvement and activities, and my only regret is that I could have spent more time on campus.

The interactive class session was absolutely superb and I genuinely enjoyed each and every moment of it. The content was extremely informative and incredibly useful. I have taken my students to attend such several trainings before but I can't recall any of them having such a strong impact. You have done a wonderful job and I appreciate your efforts.

I will surely recommend this interactive class session to our XI-XII Students of once in a year. I, myself, would love to attend future training organized or featured by your college.

Thank you once again

Sincerely,

Nabarun Sen
