	Objective of programme / course outcome	Employability of	Attainment of programme
		programme / course	/ course outcome
Programme	Physical Education is to	After completion of the	To attain the desired
	educate students through	professional courses like	outcomes of this
	physical activities. It aims to	B.P.Ed and M.P.Ed	programme we generally
	develop students' physical	students enable them to get	use a combination of
	competence and knowledge	job like Physical	traditional class room
	of movement and safety,	Education teachers in	teaching, ICT classes, and
	and their ability to use these	school, Fitness experts,	practical (field &
B.A. Programme in	to perform in a wide range	Gym Instructors, Yoga	Laboratory) classes.
Physical Education	of activities associated with	Instructors, Physical	,,
	the development of an	training instructors in	
	active and healthy lifestyle.	Armed forced and as well	
	The Bachelor degree of	as in corporate sectors etc.	
	Physical Education is an		
	interdisciplinary science		
	involving field practical		
	related to education, human		
	behaviour, anatomy and		
	physiology, kinesiology,		
	sports sciences. The		
	objective of the three years		
	degree course is provides a		
	longer period of		
	professional preparation in		
	the field of physical		
	education and sports. This		
	course help those students		
	who want to take admission		
	in the B.P.Ed course without		
	outstanding performance in		
Course	sports.		
Course		ester I	I
	Students become familiar		
	with the aim & objectives of		
	physical education, its		
	importance in their life. The		
	can also understand the		
UG/PEDG/101/C-1A	concept of Olympic games,		
Foundation and	differences between ancient		
History of Physical	and modern Olympic		
Education	games. They also improved		
_300000	their knowledge about		
	different types of body, sex		
	differences, Child's growth		
	& development and role of		
	physical education in		
	growth & development		
	process.		

	Sei	mester II	
	It provides knowledge about		
	body structure and function		
UG/PEDG/201/C-1B	of different organs of the		
Anatomy,	body, help in selection of		
Physiology &	game and activities for		
Physiology of	sports performance as well		
Exercise and sports	as for fitness development,		
Liver cise and sports	how to protect sports		
	injuries, kwon about the		
	individual difference for		
	planning training program.		
	Ser	nester III	
UG/PEDG/301/C-1C	Students will learn how to		
Track & Field and Its	layout the tracks like 400		
Rules regulations	meter, 200 meter and		
- Marco regulations	different field arena. They		
	also improve their		
	knowledge about the rules		
	& regulations of different		
	track & field events by self		
	participation and how to		
	organize standard Annual		
	sports meet.		
UG/PEDG/304/SEC-1	It develops the basic		
Yogasana and	concept about yogasana and		
Gymnastics	Gymnastics. They became		
,	familiar about how to		
	perform the yogasana in		
	different postures and some		
	basic skills of gymnastics,		
	which strengthen immune		
	system, blood circulation		
	and blood pressure		
	normalized and stabilized		
	They also improve their		
	flexibility and balance of the		
	body.		
	Ser	nester IV	
	Students will be able to		
	understand the concepts of		
	health and health education,		
	aim and objectives of health		
	education and different		
	health agencies. They can		
	<u>-</u>		

	1 1 1 1		
	learn about the need and		
UG/PEDG/401/C-1D	importance, factors affecting		
Health Education &	health, nutrition, balance		
Complete Wellness	diet, athletic diet, mid day		
	meal scheme, malnutrions.		
	They can also understand		
	how to maintain personal		
	health & hygiene and how		
	, , ,		
	to prevent and control the		
	communicable diseases.		
	The students will be learn		
UG/PEDG/404/SEC-2	the different skills and		
Ball Game and	techniques of different ball		
Racket Game	games like Football,		
	Cricket, Hand ball, Net ball,		
	Volley ball and racket		
	games like Badminton and		
	Table Tennis. Besides these		
	they can improve their		
	playing ability and enhance		
	the knowledge of rules and		
	regulations of these games.		
	Sei	mester V	
UG/PEDG/501/DSE-	The students become		
1A	familiar with the concept of		
Measurement and	test, measurement and		
Evaluation	evaluation and its		
	importance in physical		
OR	education. They can learn		
Sports Training	how to measures the		
	physical fitness, motor		
	fitness and sports skills with		
	the help of standard tests.		
	The students		
	will understand about the		
	meaning, definition, aim and		
	objectives, principles and		
	importance of sports		
	training. It also helps to		
	know the different training		
	methods for developing the		
	components of physical		
	fitness and		
	Students will be able to		
	provide the First Aid for		
	different types of injuries		
	during sports and other		
UG/PEDG/503/GE-1	types of accidental injuries		
First Aid &	and use of different types of		
Personnel Hygiene	bandages. They can also		
reisonnei mygiene	understand how to maintain		
	1		

OR	personal health & hygiene.		
Recreation and	It helps to know		
physical activity	about the aim, objectives		
	and importance of		
	recreational activities for		
	life. It also develops the		
	concept of camping, types		
	of camping and its		
	educational value.		
UG/PEDG/504/SEC-3	Students will be developed		
Indigenous and	the knowledge about the		
Minor Games and	camping, excursion and		
Excursion/ Camping	different minor/recreational		
Programme	games and rules, regulation		
	about Kabaddi & Kho-kho.		
	Ser	nester VI	
UG/PEDG/601/DSE-	The students will acquire		
1B	knowledge about general		
Sports Psychology	psychology and sports		
OR	psychology, importance of		
Management of	sports psychology and role		
Sports and Physical	of sports psychology in the		
Education	field of physical education.		
Education	They also familiar with		
	learning ,types of learning,		
	transfer of learning,		
	personality and factors		
	affecting personality and		
	different psychological term		
	like stress, anxiety, arousal,		
	emotion, motivation Interest		
	and their roles in sports		
	performance.		
	Sports management help		
	the students to learn about		
	the concept of management,		
	leadership qualities, types of		
	fixture for conducting		
	tournaments, merits and		
	demerits of different types		
	of tournaments, budget etc.		
UG/PEDG/604/SEC-4	Students will learn about the		
Adapted Physical	adapted physical education,		
Education and	disabilities and its types,		
Computer	activities for disable people.		
Application in	Basic knowledge about		
Physical Education	computer, Internet and their		
	uses in physical education.		
	Students will be able to		
	understand the concepts of		
	health and health education,		
	,	•	

	aim and objectives of health	
	education They can learn	
UG/PEDG/603/GE-2	about the need, importance,	
Health Education	factors affecting health,	
OR	nutrition, health disorders.	
Complete Fitness	Postural deformities and it	
and Therapeutic	types, preventive measures.	
value of Physical	They can also understand	
Education	how to maintain personal	
Education	health & hygiene and how	
	to prevent and control the	
	communicable diseases,	
	safety education & its need.	
	Concept of fitness &	
	wellness, factors affecting	
	fitness. and its types	
	Therapy and its types, use of	
	physiotherapy in sports	
	injuries,
